

UDIT SAMANT

Final-year Computer Science student - Linux Engineer Intern at Jane Street

SKILLS

Languages - C, Python, Go, Rust, OCaml, Java, SQL, JavaScript/TypeScript

Systems & Networking - Linux, Bash, DNS, WireGuard, Nginx, Proxmox, LXC, Docker, Podman

Other Technologies - Azure, GCP, React/Next.JS, Vue/Nuxt, Django

Hardware - Quartus, SystemVerilog, LTSpice

EXPERIENCE

Linux Engineer Intern, Jane Street, Hong Kong

June 2026 - Present

- Automate Linux system administration workflows using configuration management tooling
- Develop and maintain monitoring and tooling for Linux systems
- Support and troubleshoot Linux-based systems

Casual Academic, The University of Sydney - COMP2017 Systems Programming

Dec 2024 - July 2026

- Active in creating and planning assessments and tutorial sheets
- Teach and introduce 60 students to Systems Programming, and the C Programming language

Research Intern, Trustworthy Systems Research Group, University of New South Wales, Australia

Feb 2025 - Feb 2026

Technologies: C, Rust, Operating Systems Design and Implementation

- Collaborated on porting a static device driver framework to a dynamic general-purpose operating system

Software Engineer Intern - Platforms Access, SafetyCulture

Dec 2024 - Feb 2024

Technologies: Go, Temporal, TypeScript, React, Redux, Cypress, NextJS

- Implemented a bulk operation, saving customer service representatives hours in manually allocating permissions to users
- Led the end-to-end development of a feature enabling users to set a default organisation on login, enhancing access for 100+ organisations and their users
- Conceptualised and developed a revamped customer-facing page as part of intern initiatives, introducing customisable widgets to enhance user experience and presenting the idea to the company

Associate Data Scientist (Intern), FreeGuides

Oct 2022 - Jan 2023

Technologies: Firebase, BigQuery, GCP, Python, Sklearn

- Led data control and management of tour information on the app
- Saved 10+ hours/week in manual tour screening, using ML models to automate assignment of a rating and feedback

PROJECTS

Homelab & Self-Hosted Infrastructure, Personal Project

May 2026 - Present

Technologies: Proxmox, WireGuard, Podman, Traefik, DNS

- Built and administer a home Proxmox cluster running self-hosted services in LXC containers
- Bypassed CGNAT restrictions with a self-managed WireGuard tunnel, exposing self-hosted services
- Deployed a Traefik reverse-proxy to route external traffic to home services
- Configured DNS zones to cleanly separate internal and external traffic, improving network security and manageability

UniTrack, Personal Project 🧐🔗

Jun 2022 - July 2023

USYD Coding Fest's Best Undergraduate Junior Project

\$2000

Technologies: React, Next.JS, Vercel

- Developed a prototype for the first interactive degree planning web-app for Sydney Students
- Simplified the degree planning experience with drag-and-drop UI selection, and immediate validation of courses

ACTIVITIES

Development Lead, Sydney Computing Society 🧐

Aug 2024 - Present

Technologies: React, NextJS, ASP.NET, Cloudflare, Azure

- Design and maintain SYNCs Website, and build infrastructure to enable other society portfolios

Technical Events Coordinator, Google Developers Student Club

Jun 2022 - Aug 2023

- Co-led a team of 40+ to organise events showcasing emerging technologies, executing four events with 700+ attendees
- Presented at an Introduction to Game Development Workshop for 100+ attendees, at Google, for a Game Jam

EDUCATION

The University of Sydney, Bachelor of Advanced Computing and Bachelor of Science

Mar 2021 - Aug 2027

Nanyang Technological University, Short Term Exchange

July 2022

- Scholarships: Vice Chancellor's Mobility Scholarship - \$1500

Korea Advanced Institute of Science and Technology, Semester Exchange

Mar 2024 - June 2024

- Courses Taken: Operating Systems (Graduate), Concurrency in Rust, Web Security Attack Laboratory, Algorithm Design
- Scholarships: Dalyell Mobility Scholarship - \$2500, New Colombo Plan Mobility Grant - \$10000
